THE CORNERSTONE

Mr. Keith Reinhardt

The 1986 Greyhound is dedicated to Superintendent Keith Reinhardt. His devoted work in education has created the solid foundation on which all students could build their futures.

Mr. Reinhardt was born and educated in Guttenberg, Iowa. He furthered his education at Drake University. He has taught and served as Superintendent in many other Iowa school systems. For the past fifteen years he has been Superintendent here at Dow City-Arion Community School.

Mr. Reinhardt became a teacher because he enjoyed kids. He had been a Boy Scout Master for twenty years and from that experience he decided to go into teaching. He soon felt he could do even more for the students as an administrator.

Mr. Reinhardt has seen many changes at DC-A. The number of students has disappointingly dropped from 444 to 308 in the past fifteen years. However, many positive changes have also taken place. The curriculum has vastly improved, the entire school system has been upgraded, and the public is more involved.

Mr. . Reinhardt stated that being an administrator was a "wonderful feeling." He has observed a positive attitude growing at DC-A. "The school is like one big family. Everyone knows everyone else and the teachers know the students personally."

Mr. Reinhardt has not made any plans for his life after retirement. He wants to stay in Dow City and take things one step at a time. He would like to enjoy some time with his family and grandchildren. Nevertheless, there are many things Mr. Reinhardt will spend time doing as he enjoys hunting, fishing and working with cameras.

On the occasion of his retirement, we would like to thank him for his years of service and commitment to the Dow City-Arion School Systems and wish him all the best.

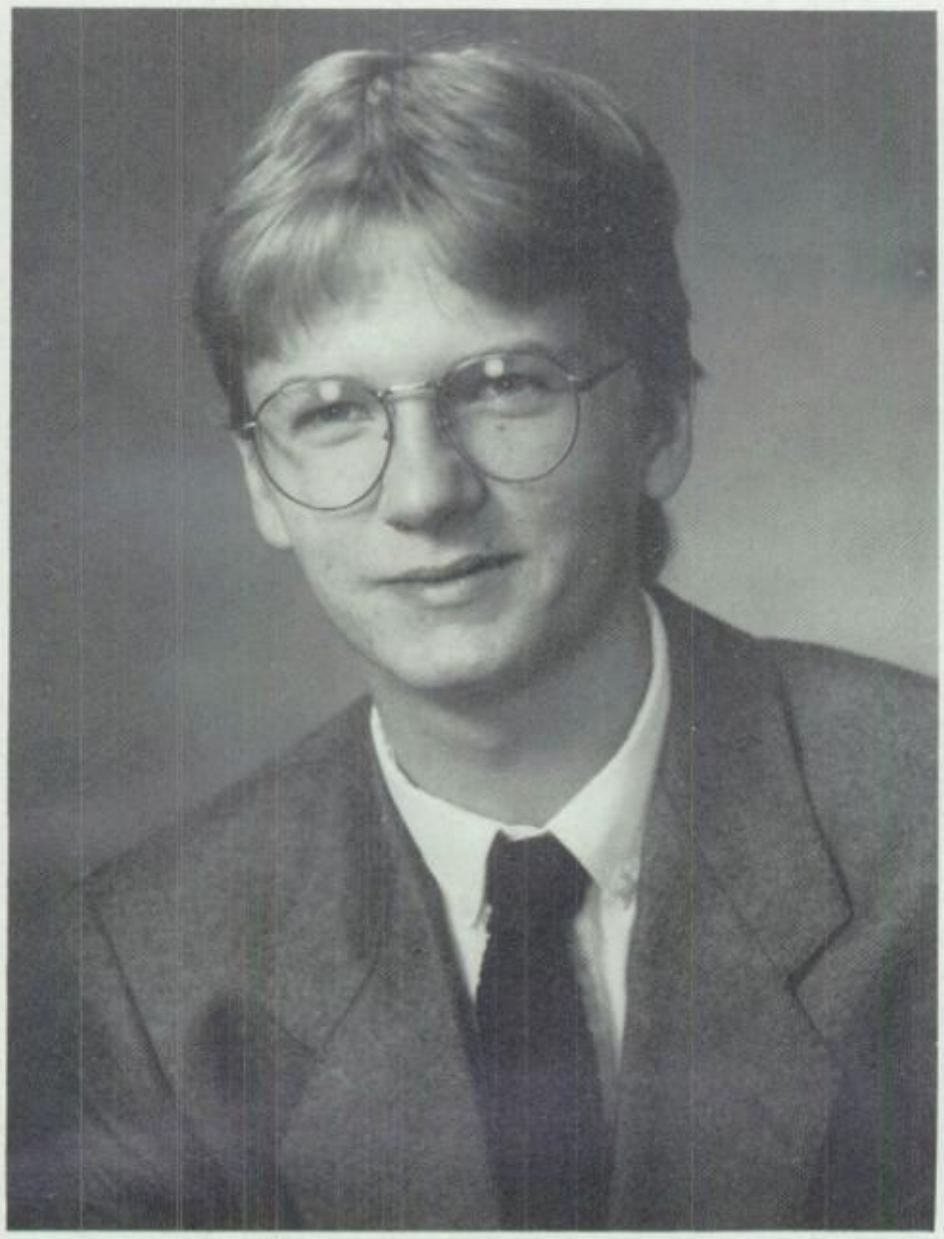
HOMECOMING



Hauke H. Heissmeyer was born in Kamlin W. Germany on April 17, 1969 to Uth and Hartmut Heissmeyer. Arriving in Dow City in August of 1985, he began his year as an exchange student. During his stay, he lived with the Robert Neilsen Family. He was a member of the senior class and joined the jazz band, marching band, concert band and basketball team. He also played the Scarecrow in the school musical, "The Wizard of Oz". Hauke had this to say about his experience as an exchange student at DC-A . . .

The school system here is quite different from the one I was used to in Germany. There, the schools are generally, because of population, bigger than here in Iowa and that was one very new experience for me. Instead of a school with 1500 pupils, I am here at a school with about 300 pupils. It took me some time to get used to the change in size, but it had its good sides too.

In the school I was attending in Germany, sports and music events were not nearly as supported as they are here. Because of not having school teams and, as a matter of fact, tournaments with other schools, there isn't the school spirit, school colors and representation of your school at different occassions as you have here. Instead of having all these activities at school, there are sport clubs, music groups and other various programs to join outside the school on your own time.

I like Dow City because it is a small town with very nice people who have made it easy for me to get used to the area and get to know some people. It makes it really a lot easier to get into the daily life here, than in a bigger town. To be honest, I have to say that sometimes I wish Dow City was a little bigger, or nearer to a bigger town. However, most of the time I really do like it and feel glad to be here.

The food in the U.S. is basically the same as in Germany, only the fast food places are a lot more common here than over there. The only big difference is the customs of the order of the meals. In Germany, the order of lunch and supper is reversed, which means that the biggest (warm) meal is at noon, when the family usually eats together. The supper is usually not warm and not the most important meal of the day like it is here.

For entertainment, we watch T.V., listen to the radio, read books or magazines, go to the movies or to concerts, go out for dinner and so on. A popular meeting place is a cafeteria or a pub or somewhere in town where you can walk through the stores or just sit, drink, eat and talk.

I'm glad that I had the opportunity to spend my year as an exchange student here at DC-A and I really appreciate everything the school and all the people did for me. I really enjoyed my stay and am looking forward to a later visit which I plan to make.

As Hauke returns to Germany, we know he will keep his experience in Dow City, Iowa and the United States as cherished memories throughout his life.

One Eye Sees

If one eye sees only good
And the other only bad,
If one eye sees only happy
And one only sad,
If one eye sees through teardrops
That fall like stormy rain,
Will the one that looks through glory
Blind the one that takes in pain?
Can humanity strengthen one eye
So that vision's finally clear
And if that vision is restored
Will it wash away the tears?
Can I be sure of happiness
If the good out weighs the bad?
Could I ever fulfill the life I saw
In the childhood dreams I had?
The answers to these questions
That run wild through my mind
Will reach me in this adult world
I've just begun to find.

THE YEAR 1989

Behind us we lay our golden years,
Our happy days and dreadful tears.
We've been together when we were well and sick,
Sometimes we even liked the same music.
We'd go to dances to start some fights,
But we would sure to be friends the next night.
Arguing to each other about certain sports,
Knowing it leads to no importance.
Paying a dime when your pencil drops,
And a man named Howe is a story within itself.
The class of '89 has been through a lot.
We've added some people and some have dropped.
We have also weaseled around teachers,
We've really stooped down low,
The class of '89 has just 3 years to go.

As the cheerleaders were in charge of keeping the spirit flowing through the DC-A halls, they made posters, locker decorations and had Pep Rallies every Friday afternoon.

They were also full of spirit on Friday nights keeping the fans and team full of enthusiasm. The coldest nights couldn't pull them down as they cheered on their team.

Yes, the cheerleaders came through in every situation to bring spirit and enthusiasm where they went.

BASKETBALL

The cheerleaders were helped out this year by their faithful companion, Ricky Krueger, who was the mascot Greyhound. Ricky did a good job at making the crowd show all its spirit. He was always right there when the crowd was losing its spirit to bring them to cheer on the team.

WIZARD OF OZ

Everyone has seen "The Wizard of Oz" and the Drama club didn't let us down, with the turning bridge, the many Munchkins, the wonderful costumes and the terrific characters there was never a dull moment.

Hauke's German accent added just the right touch to the scarecrow and he made his falls seem so real. Candace's whimper as the lion added something extra.

All the Munchkins were great. You could almost imagine yourself in the Land of Oz. When Nancy came out as the wicked witch and her evil laugh, you KNEW you were in Oz.

Jeana and Craig made us all listen when they sang. It made everyone wish that they could go to the Land of Oz and have their wishes answered, Over the Rainbow.

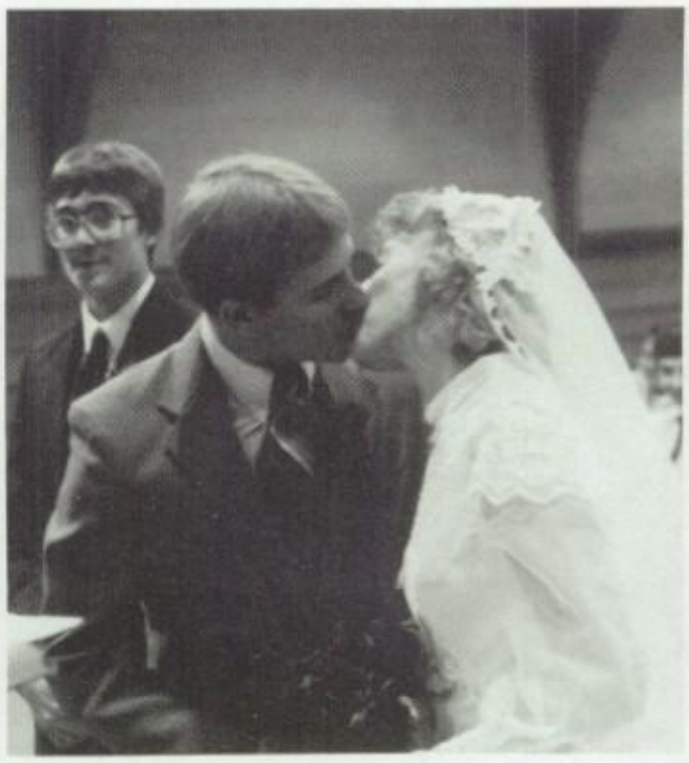
MOCK WEDDING



On Nov. 22, 1985, Cindy Behrendt and Ronnie Wingrove were united in marriage by Mr. Michael Bunde. Miss Susan Weber played the wedding march. Ronelle Muff was the Maid of Honor. Jim Blankman was the Best Man. Julie Wright, Candace Ueding, Vicki Garrett, Lee Ronk, Troy Garrett, and Jon Smith finished out the rest of the wedding party. This was all under the watchful eye of Mrs. Donna McVicker, the Family Living teacher who helped set up this Mock Wedding.
